4. What happened

Facts in time order

02:10 On yard patrol 2 I found the rear doors of trailer 12 open and the seal cut.
02:11 I saw one male climbing the east fence near camera C4. I shouted "Security, stop". He climbed over and ran towards Mill Lane. I did not follow off site.
02:12 I called the police on 999 and told the duty supervisor by radio.
02:14 I checked trailer 12. About 10 cartons were missing from the rear row (my estimate).
02:20 Driver T. Reed, sleeping in the cab of trailer 14, said he heard "metal cutting" at about 02:00.

5. Action taken

Closed trailer doors without touching the seal remains. Taped off bay 12. Asked the control room to save camera C4 and C5 from 01:45 to 02:30. Briefed police on arrival at 02:41.
